

Evans Rinse Aid for Automatic Machines – 20L

Variant code: 04-497

Concentrated blend of low foaming surfactants to promote the rapid drying of glassware, crockery and kitchen utensils. For use in single and multi tank automatic dish and glass washing machines in kitchens, canteens, restaurants, hotels and bars.

Concentrated formulation, economical in use. Eliminates water spotting and provides streak free results.

Contains ingredients to prevent formation of scale during rinse cycle. Suitable for all water conditions.

Supplied in a natural clear container to easily check the levels.

NOT TO BE USED FOR HAND DISHWASHING OR IN DOMESTIC MACHINES
