Evans Rubicon Oil and Grease Remover - 2 x 5L

Variant code: 03-122

Evans Rubicon is a powerful **heavy duty oil and grease remover** developed by Evans Vanodine for demanding cleaning environments. This concentrated multipurpose detergent is formulated to rapidly break down and remove oil, grease and heavy soiling from a wide range of washable surfaces. Designed for professional use, it delivers consistent performance across industrial, commercial and leisure settings where effective cleaning is essential.

Highly versatile, Rubicon is suitable for use on surfaces including **concrete, vinyl, rubber, plastic, painted surfaces, quarry tiles and ceramics**. It is particularly effective in environments such as garages and engineering workshops, where heavy contamination is common. The formulation also performs well in the leisure sector, helping remove body fat and ingrained dirt from floors and equipment. Despite its strength, it leaves behind a **fresh citrus fragrance**, enhancing the cleanliness of the environment after use.

Product Features

- **Heavy duty detergent** for oil, grease and heavy soiling removal
- **Concentrated multipurpose formula** for versatile cleaning tasks
- Suitable for a wide range of **washable surfaces**
- Effective on **concrete, vinyl, rubber, plastic and painted surfaces**
- Designed for use in **industrial and commercial environments**
- Ideal for **garages, workshops and leisure facilities**
- **Fresh citrus fragrance** for improved user experience

Product Benefits

- Removes heavy contamination quickly and efficiently
- Reduces cleaning time in high-soil environments
- Provides a single solution for multiple cleaning applications

- Improves cleanliness and presentation of workspaces
- Supports consistent cleaning standards across facilities
- Enhances user environment with a clean, fresh scent
- Suitable for professional contract cleaning operations

Technical Characteristics

- Dilute for general cleaning at **1:100 with hot water**
- For heavy soiling, dilute at **1:25 with hot water**
- Apply by mopping, wiping or scrubbing as required
- Suitable for use across multiple surface types
- Use appropriate PPE and follow safety data sheet guidance
- Store in a cool, dry environment away from direct sunlight
- Always test on a small inconspicuous area before full application

Applications

Evans Rubicon is suitable for use in a wide range of professional environments including **garages, engineering workshops, industrial facilities, leisure centres and contract cleaning operations**. It is particularly effective for cleaning heavily soiled floors, machinery areas and high traffic zones where oil, grease and body fat contamination is common. Its versatility makes it an essential product for facilities requiring a reliable, heavy duty cleaning solution across multiple surfaces.

Property	Value
Fragrance	Citrus
pH	13.1
Area of Use	concrete, vinyl, rubber, plastic, painted and all washable surfaces.
Dosing Chart: 5L Dilution	dosing: 2
CLP	corrosive
How to Use	Mop, wipe or scrub the soiled surface.
Chemical Colour	Red/Brown
