Evans Sink and Drain Clear - Emulsifies Grease & Fat - 5L

Variant code: 06-700

Evans Sink and Drain Clear is a high-performance **drain cleaner and degreaser** developed by Evans Vanodine for maintaining clear and efficient drainage systems in professional environments. This powerful, high active liquid formulation is designed to break down and remove **grease, fat and food deposits**, helping to prevent blockages and maintain consistent flow within pipes and waste systems.

Its **unperfumed formulation** makes it particularly suitable for use in food preparation areas where fragrance-free cleaning products are required. Acting as an effective **grease and fat emulsifier**, it works to disperse build-up within drainage systems, reducing the likelihood of recurring blockages. Suitable for use across kitchens, washrooms and shower areas, it provides a practical solution for routine maintenance and reactive cleaning in high-use environments.

Product Features

- **High active drain cleaner and degreaser**
- Effective **grease and fat emulsifier**
- Breaks down **food deposits and organic build-up**
- **Unperfumed formulation** suitable for food handling areas
- Supports ongoing **drain maintenance**
- Suitable for kitchens, washrooms and shower areas
- Liquid format for easy application into drainage systems

Product Benefits

- Helps prevent drain blockages and slow drainage
- Improves efficiency of drainage systems
- Reduces build-up of grease and organic deposits over time
- Suitable for use in hygiene-sensitive environments
- Supports routine maintenance and reactive cleaning tasks
- Enhances operational efficiency in commercial settings
- Provides reliable performance in high-use

environments

Technical Characteristics

- Pour directly into drains or apply as part of a maintenance routine
- Suitable for use in commercial and domestic drainage systems
- Effective against grease, fat and food-based residues
- Use regularly to help maintain free-flowing pipes
- Follow manufacturer usage and dosing guidance
- Store in a cool, dry environment away from direct sunlight
- Adhere to safety and handling instructions during use

Applications

The **Evans Sink and Drain Clear** is suitable for use in commercial kitchens, food preparation areas, washrooms and shower facilities where grease and organic build-up can impact drainage performance. It is particularly effective in environments with high levels of food waste or fat deposits, helping maintain clear and efficient drainage systems. Its unperfumed formulation makes it ideal for hygiene-sensitive areas, providing a dependable solution for both preventative maintenance and reactive drain cleaning.

Property	Value
Dilution	Neat
Volume (L)	5
Fragrance	Faint Characteristic Hypochorite
pH	13.7 (undiluted) ; 12.2 (diluted)
Area of Use	Kitchens, washrooms and shower areas
CLP	corrosive, environmental
How to Use	Waste build-up/regular maintenance: Pour 250 ml into drain/down sink, 1-2 times per week. Blockages: Pour 500ml – 1L slowly into drain or sink & leave for up to 20 mins. DO NOT LEAVE AREA UNATTENDED or leave overnight. Flush drain/sink with hot water
Chemical Colour	Yellow
