Fimap 18V Li ion Battery for Esprayer

Variant code: 16-230390

Fimap 18V Li-Ion Battery is a **genuine replacement rechargeable battery** designed specifically for the **Fimap eSprayer cordless spraying system**. Engineered to provide reliable cordless power, this lithium-ion battery delivers consistent performance and extended runtime, helping maintain productivity during professional cleaning, sanitising and disinfection tasks.

Built with advanced **lithium-ion technology**, the battery provides a high energy density with no memory effect, allowing it to be recharged at any time without reducing performance. Its lightweight design helps maintain the portability and balance of the eSprayer, ensuring comfortable operation during extended periods of use.

Ideal as a replacement or spare battery, it enables operators to minimise downtime by keeping a fully charged battery ready for quick changeovers. Manufactured to Fimap's quality standards, it delivers dependable power output and long service life in demanding commercial environments.

Suitable exclusively for the **Fimap eSprayer**, this replacement battery helps ensure uninterrupted cordless spraying performance for a wide range of cleaning and sanitising applications.

Product Features

- **Genuine replacement battery for Fimap eSprayer**
- **18V lithium-ion rechargeable battery**
- Lightweight, compact design
- High-capacity cordless power source
- No memory effect
- Long service life
- Quick and easy battery replacement
- Ideal as a spare or replacement battery

Product Benefits

- **Provides reliable cordless power for the eSprayer**
- **Helps minimise downtime with quick battery changes**
- **Delivers consistent performance**

throughout use
- Lightweight design improves operator comfort
- Rechargeable for economical long-term operation
- Ideal for continuous commercial cleaning and sanitising tasks

Technical Characteristics

- Product Type: **Rechargeable Battery**
- Brand: **Fimap**
- Voltage: **18V**
- Battery Technology: **Lithium-Ion (Li-Ion)**
- Rechargeable: Yes
- Compatibility: **Fimap eSprayer**
- Installation: Direct Replacement
- Application: Cordless Power Supply

Applications

Fimap 18V Li-Ion Battery is ideal for **commercial cleaning contractors, healthcare facilities, schools, offices, hospitality venues, retail environments and facilities management teams** using the **Fimap eSprayer cordless spraying system**. It provides dependable power for the application of cleaning, sanitising and disinfecting solutions while ensuring maximum productivity through uninterrupted cordless operation.

Property	Value
Warranty (Years)	2
Voltage	18 V
Battery Run Time (Up to/Mins/Each)	Up to 4 hours
Capacity	2000 mAh
Battery Type	Li-ion
