

Fimap Drive Board: For Genie B/E

Variant code: 16-422001

Fimap Drive Board with Centre Lock is a **complete replacement pad driver** designed specifically for **Fimap Genie B and Genie E scrubber dryers**. Engineered to securely hold floor pads during operation, this drive board provides reliable power transfer for effective scrubbing, cleaning and polishing of a wide range of hard floor surfaces. Supplied complete with the **centre lock mechanism**, it offers a direct replacement solution for worn or damaged pad drivers.

Manufactured from heavy-duty, impact-resistant materials, the drive board is built to withstand the demands of daily commercial cleaning. The integrated **centre lock system** securely retains the cleaning pad throughout operation, ensuring smooth, consistent pad rotation and maximum cleaning efficiency. Its robust construction delivers dependable performance while helping extend the service life of your scrubber dryer.

Designed as a direct replacement component, the drive board is quick and easy to install, allowing fast pad changes and reducing machine downtime during routine maintenance. Suitable for use with a variety of scrubbing, polishing and cleaning pads, it provides versatility across numerous hard floor maintenance applications.

Ideal for professional cleaning environments, the Fimap Drive Board helps maintain optimum scrubber dryer performance and consistent cleaning results.

Product Features

- **Complete replacement drive board**
 - Designed for **Fimap Genie B and Genie E scrubber dryers**
 - Supplied with **centre lock mechanism**
 - Secure floor pad retention
 - Heavy-duty, impact-resistant construction
 - Compatible with scrubbing, cleaning and polishing pads
 - Direct replacement component
 - Quick and easy installation
-

Product Benefits

- Provides secure attachment of floor pads
- Ensures smooth and consistent pad rotation
- Restores optimum scrubber dryer performance
- Quick pad changes minimise maintenance downtime
- Durable construction for long service life
- Suitable for a wide range of hard floor maintenance tasks

Technical Characteristics

- Product Type: **Pad Drive Board**
- Centre Lock: **Included**
- Construction: Heavy-Duty Composite
- Installation: Direct Replacement
- Function: Drives Floor Cleaning Pads
- Machine Compatibility:
 - **Fimap Genie B**
 - **Fimap Genie E**
- Application: Scrubbing, Cleaning & Floor Polishing

Applications

Fimap Drive Board with Centre Lock is ideal for **commercial cleaning contractors, facilities management teams, healthcare facilities, schools, offices, hotels, retail premises and public buildings** operating **Fimap Genie B and Genie E scrubber dryers**. Suitable for use with a variety of floor pads, it delivers reliable performance for **routine scrubbing, spray cleaning, polishing and floor maintenance**, helping maintain clean, safe and professional hard floor surfaces.
