Fimap Drive Board: For IMX/EMX

Variant code: 16-405527

Fimap Pad Drive Board is a **genuine floor pad holder** designed for use with **Fimap IMX and EMX scrubber dryers**. Engineered to securely hold cleaning, scrubbing, polishing and maintenance pads, this drive board expands the versatility of your machine, allowing it to tackle a wide range of floor care applications.

The robust drive board design ensures secure pad retention and even pressure distribution across the floor surface, helping to maximise cleaning efficiency and pad performance. Suitable for use with a variety of floor pads, it enables operators to switch quickly between scrubbing, polishing, buffing and maintenance tasks to suit specific floor care requirements.

Manufactured to withstand demanding commercial cleaning environments, this durable accessory offers reliable performance and long service life. It is an essential addition for facilities requiring flexible floor maintenance solutions and professional cleaning results.

Product Features

- Genuine Fimap pad drive board
- Compatible with Fimap IMX and EMX scrubber dryers
- Designed for use with floor cleaning and polishing pads
- Secure pad retention system
- Provides even pressure distribution
- Suitable for scrubbing, polishing and buffing applications
- Heavy-duty commercial construction
- Easy installation and pad replacement

Product Benefits

- **Allows use of a wide range of floor maintenance pads**
- **Enhances the versatility of IMX and EMX scrubber dryers**
- **Provides consistent cleaning and polishing performance**
- Supports professional floor care results
- Enables quick changes between cleaning applications
