

Fimap FSR – Ride-On Hybrid (Battery/Petrol) Powered Sweeper inc Twin Side Brushes, Batteries, Charger & Flashing Beacon

Variant code: 16-FSR-HYBRID

Lightweight easy-to-maneuver extraction machine power wand with self-leveling cylindrical 2500 rpm brush, 30 cm (12 inches) vacuum head and 25 ft. power cable. Makes a standard box extractor into a hybrid brush machine – a great attachment for large areas.
