Fimap Squeegee Blade - For Genie - Front

Variant code: 16-420648

Fimap Squeegee Blade is a **high-quality replacement squeegee blade** designed specifically for **Fimap Genie scrubber dryers**. Available in **Front (503 x 50 x 3mm)** and **Rear (545 x 50 x 3mm)** variants, these replacement blades restore efficient water control and recovery, helping to deliver clean, dry and streak-free floors after every cleaning pass.

Manufactured from durable, wear-resistant rubber, each blade provides excellent flexibility and a consistent seal against the floor surface. Working together as part of the squeegee assembly, the **front and rear blades** efficiently channel dirty water into the recovery system, maximising suction performance and improving overall floor drying results. Regular replacement of worn blades helps maintain optimum water recovery, reduce streaking and extend the service life of the complete squeegee assembly.

Designed as direct replacement components, the blades are quick and easy to install, minimising maintenance time and keeping your scrubber dryer operating at peak efficiency. Their robust construction ensures dependable performance in demanding commercial cleaning environments.

Ideal for routine servicing and preventative maintenance, these replacement squeegee blades help keep Fimap Genie scrubber dryers delivering professional cleaning performance.

Product Features

- Replacement squeegee blade
- Designed for **Fimap Genie scrubber dryers**
- Available in:
  - **Front – 503 x 50 x 3mm**
  - **Rear – 545 x 50 x 3mm**
- Durable, wear-resistant rubber construction
- Provides an effective seal against the floor
- Direct replacement component
- Quick and easy installation
- Suitable for commercial cleaning applications

Product Benefits

- Restores optimum water control and recovery performance
- Leaves floors cleaner, drier and safer
- Reduces streaking and residual water
- Improves overall scrubber dryer efficiency
- Durable material provides long service life
- Quick replacement minimises machine downtime
- Helps maintain maximum cleaning performance

Technical Characteristics

- **Product Type:** Squeegee Blade
- **Position Options:**
  - **Front:** 503 x 50 x 3mm
  - **Rear:** 545 x 50 x 3mm
- **Material:** Wear-Resistant Rubber
- **Installation:** Direct Replacement
- **Machine Compatibility:** Fimap Genie Scrubber Dryer
- **Application:** Floor Water Control & Recovery

Applications

Fimap Squeegee Blades are ideal for **commercial cleaning contractors, facilities management teams, healthcare facilities, schools, retail stores, hospitality venues and public buildings** using **Fimap Genie scrubber dryers**. Available in **Front** and **Rear** variants, they are designed for routine maintenance and replacement, helping maintain efficient dirty water recovery, minimise streaking and ensure hard floors are left clean, dry and safe after every cleaning pass.
