Fimap Waste Drain Hose - for MXR Scrubber Dryer

Variant code: 16-436196

Fimap Squeegee Hose for MXR Scrubber Dryers is a genuine replacement vacuum hose designed to maintain efficient dirty water recovery by connecting the rear floor squeegee assembly directly to the machine's recovery tank. Specifically engineered for **Fimap MXR series scrubber dryers**, it ensures consistent suction performance for effective water collection and streak-free floor drying across demanding commercial cleaning environments.

Manufactured from a **high-durability, oil-resistant flexible material**, the hose is built to withstand the rigours of daily professional use while maintaining unrestricted airflow throughout the recovery system. Its flexible construction resists kinking, abrasion and wear, providing dependable performance and a long service life. Designed as a direct replacement, it installs quickly and easily, helping minimise machine downtime and restore optimum cleaning efficiency.

Whether replacing a damaged hose or carrying out routine maintenance, this genuine Fimap replacement part helps maximise vacuum performance, ensuring reliable water recovery and safer, drier floors.

Product Features

- Genuine replacement squeegee suction hose
- Designed for **Fimap MXR series scrubber dryers**
- Connects the rear floor squeegee to the recovery tank
- High-durability, oil-resistant flexible construction
- **38mm hose diameter**
- Resistant to kinking, abrasion and everyday wear
- Maintains consistent suction and water recovery
- Direct replacement for quick installation
- Suitable for heavy-duty commercial cleaning
- Genuine Fimap replacement part

Product Benefits

- Restores optimum vacuum and dirty water recovery performance
- Promotes faster drying and streak-free floors
- Flexible construction allows unrestricted machine movement
- Oil-resistant material withstands demanding cleaning environments
- Reduces machine downtime with quick replacement
- Provides reliable, long-lasting performance

Technical Characteristics

- **Product Type:** Squeegee Suction Hose
- **Brand:** Fimap
- **Machine Compatibility:** Fimap MXR Series Scrubber Dryers
- **OEM / Manufacturer Part Number: 436198**
- **Function:** Connects the rear floor squeegee to the recovery tank
- **Overall Length: 970-1040mm** (standard catalogue length approximately **980mm**)
- **Hose Diameter: 38mm**
- **Connecting Cuff Dimensions: 38mm Inner Diameter / 45mm Outer Diameter**
- **Material:** High-durability, oil-resistant flexible hose
- **Installation:** Direct Replacement
- **Application:** Commercial Floor Scrubber Dryer Water Recovery System

Applications

The **Fimap Squeegee Hose for MXR Scrubber Dryers** is ideal for maintaining **Fimap MXR walk-behind scrubber dryers** used in **shopping centres, warehouses, hospitals, schools, offices, manufacturing facilities, supermarkets, leisure centres and other commercial cleaning environments**. Designed as the **primary suction hose between the rear squeegee assembly and the recovery tank**, it provides efficient dirty water recovery, helping the machine maintain maximum cleaning performance, faster floor drying and reliable day-to-day operation.
