Fimap Polypropelene Scrubbing Brush - For IMX Soft 500mm - 0.3mm Blue Bristle

Variant code: 16-404654

Fimap Polypropylene Scrubbing Brush is a **professional replacement scrubbing brush** designed specifically for **Fimap iMX scrubber dryers**. Available in **Soft 500mm - 0.3mm Blue Bristle**, **Medium 500mm - 0.6mm White Bristle**, and **Stiff 500mm - 0.9mm Black Bristle** variants, these genuine-quality brushes provide the ideal cleaning solution for a wide range of hard floor maintenance tasks, from delicate daily cleaning to intensive industrial scrubbing.

Manufactured from durable **polypropylene (PPL)**, each brush offers excellent resistance to water, detergents and cleaning chemicals while delivering long-lasting performance in demanding commercial environments. The **Soft Blue** brush is ideal for maintaining polished and high-gloss floors, the **Medium White** brush provides versatile everyday cleaning for most hard floor surfaces, and the **Stiff Black** brush delivers aggressive scrubbing power for removing stubborn dirt, grease and ingrained contamination from heavily soiled floors.

Designed with the **standard Fimap quick-fit clutch system**, the brush installs and removes without tools, reducing maintenance time and keeping machines operating efficiently. Its robust construction ensures consistent cleaning results and helps maximise the performance of your Fimap scrubber dryer.

Ideal for routine maintenance and professional floor cleaning, these replacement brushes provide reliable performance across a wide range of commercial and industrial applications.

Product Features

- Professional replacement polypropylene scrubbing brush
- **500mm working width**
- Available in:
    - **Soft 500mm – 0.3mm Blue Bristle**
    - **Medium 500mm – 0.6mm**
