

Gojo FMX Dispenser – White – 1250ml

Variant code: 10-5157

The FMX system provides significantly more handwashes than traditional liquid soap dispensers. Air is infused into the soap as it's dispensed, creating a rich, luxurious lather. Just one push delivers a generous portion of foam – a volume so satisfying in users' hands they don't need to take a second push. Holds a 1250ml refill in a remarkably small footprint for GOJO foam soaps, and 1200ml for PURELL hand sanitisers. Features skylight with an extra large site window. One hand push operation. Optional key lock included. Restrictor available to control output of product dispensed.
