

## Greaseproof Bags 8.5" x 8.5" – Pack of 1000

**Variant code: 18-GPB85**

**Greaseproof Bags** are hygienic and practical **8.5" x 8.5" food packaging bags** designed for serving and packaging hot, greasy and freshly prepared food items. Manufactured from quality grease-resistant paper, these disposable food bags help prevent oil and grease transfer while maintaining clean presentation and convenient handling in takeaway and catering environments.

Ideal for bakeries, cafés, fast food outlets, sandwich shops and catering operations, these greaseproof bags provide a reliable packaging solution for pastries, sandwiches, confectionery, baked goods and fried foods. The grease-resistant construction helps minimise staining and leakage, improving hygiene and enhancing customer experience during takeaway and food-to-go service.

Supplied in a convenient **pack of 1000 bags**, these disposable greaseproof bags offer a cost-effective and efficient food packaging solution for high-volume hospitality and food service environments.

---
