Green Scourers - Pack of 10

Variant code: 12-090

Green Scourers are heavy-duty abrasive cleaning pads designed for effective removal of stubborn grease, burnt-on food and ingrained dirt across commercial, industrial and domestic cleaning environments. Manufactured for demanding cleaning applications, these durable green scourers provide reliable scrubbing power for maintaining hygienic and spotless surfaces.

Designed for professional cleaning and catering use, these abrasive scouring pads efficiently tackle tough grime on cookware, kitchen equipment, worktops and hard surfaces. The flexible construction allows the scourers to conform easily to different surfaces and awkward areas, while the durable fibre material provides long-lasting cleaning performance during repeated use. Ideal for kitchens, food preparation areas and janitorial cleaning tasks, these scourers help maintain high cleaning standards in busy environments.

Supplied in a convenient **pack of 10 green scourers**, Green Scourers offer a practical and economical cleaning solution for contract cleaners, hospitality venues, catering businesses and general household cleaning.
