

## Griddle Cleaning Pads – Pack of 10 x 20 – Case of 200

Variant code: 12-046

### Professional Griddle Cleaning Pads – Bulk Case of 200 (10 x 20 Pack)

Keep your griddles sparkling and ready for action with our professional-grade griddle cleaning pads. This bulk case of 200 pads is perfect for cleaning contractors, commercial kitchens, and domestic use, providing superior scrubbing power and durability.

**Detailed Product Description:** When it comes to maintaining a clean and sanitary cooking surface, compromise isn't an option. Our Professional Griddle Cleaning Pads are engineered to tackle the toughest grime, grease, and carbon buildup on any flat-top griddle. This bulk case includes 200 individual pads, conveniently packaged in 10 packs of 20, ensuring you always have a fresh pad on hand for every job.

**Unmatched Performance for Professionals:** Designed with cleaning contractors, catering businesses, and restaurant owners in mind, these heavy-duty pads are built to last. The coarse, non-woven fiber construction provides aggressive scrubbing power without scratching or damaging the griddle surface. Paired with a griddle cleaning tool (sold separately) and a suitable griddle cleaner, these pads effortlessly cut through baked-on food, leaving a smooth, clean surface ready for the next use.

**Versatility for Every Setting:** While they are a staple in commercial kitchens, these griddle cleaning pads are also a game-changer for domestic users who are serious about their cooking. Whether you're maintaining a large outdoor grill, a flat-top stove at home, or a cast-iron skillet, these pads deliver exceptional results. Their versatility makes them an essential tool for janitorial services, food trucks, and home chefs alike.

### Key Features & Benefits:

- **Superior Cleaning Power:** The abrasive, open-weave structure effectively removes tough carbon and grease.

- **Durable & Long-Lasting:** Each pad is designed for extended use, reducing the need for frequent replacements.
- **Bulk Value:** A case of 200 pads provides significant cost savings for high-volume users.
- **Non-Scratch Design:** Safe for use on a variety of griddle surfaces, including steel and cast iron.
- **Ergonomic Size:** Perfectly sized to fit most standard griddle cleaning handles and tools.
- **Versatile Use:** Ideal for commercial kitchens, home use, BBQ grills, and janitorial services.

#### How to Use:

1. Heat the griddle to a warm temperature.

2. Scrape off any excess food debris with a griddle scraper.

3. Apply a small amount of griddle cleaner to the surface.

4. Use a griddle cleaning pad with a holder to scrub the entire surface in a circular motion.

5. Wipe the griddle clean with a cloth or paper towel, and season if desired.

#### Ideal For:

- **Cleaning Contractors & Janitorial Services:** Bulk purchase for consistent, high-quality cleaning.
- **Restaurants & Commercial Kitchens:** Essential for daily griddle maintenance.
- **Catering Businesses & Food Trucks:** Keep your equipment spotless on the go.
- **Home Chefs & BBQ Enthusiasts:** Achieve professional-level cleanliness at home.

#### Package Contents:

- **Quantity:** 200 Griddle Cleaning Pads
- **Packaging:** 10 packs of 20 pads each
