Grip It® Oil Gauntlet - Pack of 10 Pairs - Size 10

Variant code: 22-G10G5/10

Grip It® Oil Gauntlet – Heavy-Duty Chemical & Oil Resistant Work Gloves (Pack of 10)

The **Grip It® Oil Gauntlet** is the industry standard for high-performance hand protection in demanding environments. Designed with a dual-nitrile coating, these gauntlets offer an unbeatable combination of **chemical resistance**, **mechanical durability**, and **precision grip**. Whether you are handling oily automotive parts or working in chemical processing, the Grip It® Oil Gauntlet ensures your hands remain dry, safe, and productive.

This bulk pack contains **10 pairs of Size 10 (Extra Large)** gloves, providing excellent value for teams in engineering, manufacturing, and construction.

Key Features & Benefits

- **Dual Layer Nitrile Technology:** Features a full-dip waterproof base layer for liquid protection and a second microfoam palm coating that creates a "suction" effect for maximum grip in oily or wet conditions.
- **Superior Abrasion Resistance:** Rated **EN 388 Level 4**, these gloves are built to withstand heavy-duty friction and surface wear, ensuring a long life expectancy.
- **Extended Gauntlet Cuff:** Provides additional protection for the wrist and lower forearm against chemical splashes and debris.
- **Ergonomic Comfort:** The seamless knitted liner reduces hand fatigue during long shifts, while the flexible nitrile allows for high levels of dexterity.
- **Chemical & Heat Protection:** Tested to **EN 374** for chemical permeation and **EN 407** for contact heat (up to 100°C), making them versatile for multiple industrial hazards.

Technical Specifications

Attribute	Details
Product Name	Grip It® Oil Gauntlet
Pack Quantity	10 Pairs
Material	Dual-Coated Nitrile on Seamless Liner
Safety Standards	EN 388:2016 (4121X), EN 374-1 (Type A), EN 407
Resistance	Oils, Chemicals, Abrasion, and Contact Heat
Colour	Blue/Black or Green/Black (Variant dependent)

Common Applications

The **Grip It® Oil Gauntlet** is preferred by professionals across various sectors:

- **Automotive:** Handling greasy engines and oil-slicked components.
- **Chemical Processing:** Safe handling of acids, alkalis, and cleaning agents.
- **Engineering & Manufacturing:** Precision assembly in lubricated environments.
- **Oil & Gas:** Refineries and offshore drilling maintenance.
- **Waste Management:** Protecting against punctures and liquid contaminants.

FAQ: Professional Grip It® Oil Gauntlet Support

Q: Are these gloves food safe? A: Yes, the Grip It® Oil Gauntlet is tested in compliance with **EC 1935/2004**, making them suitable for food contact and processing industries.

Q: How do I know if Size 10 is right for me? A: Size 10 (XL) generally fits hands with a circumference of approximately **254mm**. A proper fit is essential for maintaining dexterity and preventing hand strain.

Q: Can these gloves be washed? A: While these are durable reusable gloves, we recommend wiping the exterior clean. Intense machine washing may degrade the specialised microfoam grip over time.

Expert Tips for Industrial Safety

- **Layering for Protection:** For extreme cold or additional cut resistance, the Size 10 gauntlet is spacious enough to be used with a lightweight thermal or cut-resistant inner liner.
- **Storage Matters:** Store your nitrile gauntlets in a cool, dry place away from direct sunlight to prevent the coating from becoming brittle.
- **Check Breakthrough Times:** When working with specific chemicals, always refer to the **EN 374 Breakthrough Table** provided in the technical datasheet to ensure maximum safety durations.
