Windmill Antibacterial Hand Soap - 6 x 450ml

Variant code: 10-203

Windmill Antibacterial Hand Soap is a bactericidal hand cleanser designed to deliver **effective hand hygiene and gentle cleansing performance** across a wide range of professional environments. Developed for frequent use, it provides reliable antibacterial cleansing while remaining mild on the skin.

This unperfumed cleansing lather is **free from solvents, harsh chemicals, perfumes and dyes**, making it particularly suitable for environments where hygiene and product neutrality are essential. Its bactericidal formulation helps maintain high standards of hand cleanliness without unnecessary additives that may irritate sensitive skin.

Ideal for use in **kitchens and food industry environments**, the soap is suitable wherever a sanitising hand cleanser is required. The mild yet effective formulation also makes it appropriate for a wide range of sectors including **engineering, automotive, construction, manufacturing, janitorial, healthcare, education, nurseries and printing industries**.

Designed for regular use, the soap produces a rich cleansing lather that effectively removes dirt and contamination while helping maintain skin comfort. Supplied in a **case of 6 x 450ml bottles**, it is suitable for professional and high-use environments requiring dependable hand hygiene solutions.
