Healgen Coronavirus Lateral Flow Test Kit – Case of 20

Variant code: 22-COVHEAL/20

The Healgen Lateral Flow Test is one of only three UK Government approved Rapid Antigen Test. It is in high demand from schools, councils and companies.

- This test was rolled out by the UK government to mass test the population in Liverpool and other cities.
- It is intended to aid in the rapid diagnosis of SARS-CoV-2 infections.
- The Healgen Antigen Test (Swab) does not differentiate between SARS-CoV and SARS-CoV-2.
- Each kit contains everything required to carry out the tests, no additional equipment is needed.
- Stage 3 approved by Public Health England & validated by the UK government.
- Results in 15 minutes.

Each kit includes clear instructions and is easy to use.

Benefits: Rapid testing for SARS-CoV-2 antigen within 15 minutes Facilitates patient treatment decisions quickly Simple, time-saving procedure All necessary reagents provided & no equipment needed High sensitivity and specificity.
