

HiPUR Sponge Scourer Pack of 10 – Blue

Variant code: 12-104448

Introducing Hi-PUR: The Gentle, Powerful Scourer

Tired of scourers that scratch your surfaces or sponges that fall apart? Meet **Hi-PUR**, the innovative cleaning tool designed to tackle tough grime while protecting your delicate household items.

Dual-Action Cleaning Power

Hi-PUR offers the best of both worlds with its unique, dual-sided design:

- **The Scrubbing Side:** Features a durable **polyurethane (PUR) coating** that gives you the muscle to **scrub away stubborn dirt, baked-on food, and tough stains**. Unlike harsh abrasive materials, the Hi-PUR coating is engineered to be **gentle on hard surfaces** like non-stick cookware, glass, ceramic, and stainless steel.
- **The Sponge Side:** Backed with a high-quality, absorbent sponge that's perfect for **general cleaning, wiping spills, and soaking up liquids**. Its **ergonomically shaped** design fits comfortably in your hand, making even lengthy cleaning tasks feel easier. Protect Your Kitchen, Prevent Cross-Contamination

Hi-PUR is more than just a great cleaning tool; it's a step toward a more hygienic home:

- **Surface Safety:** Say goodbye to scratches and dulling. The gentle yet effective PUR scrub side ensures that your valuable surfaces stay spotless and undamaged.
- **Colour-Coded Hygiene:** To help you maintain the highest level of cleanliness and **prevent cross-contamination**, Hi-PUR is available in **four distinct colours**. Assign a colour for different areas—for example, blue for dishes, green for countertops, yellow for the bathroom—to keep your cleaning routines separate and

sanitary.

Simple to Use and Care For

To get the best performance from your Hi-PUR scourer, simply:

Wet with water before use.

1 Allow the **scrub side to soften** slightly for optimal cleaning action.

2 **3** Rinse thoroughly after each use and allow to air dry.

Upgrade your cleaning routine with **Hi-PUR** and experience the perfect balance of gentle care and powerful scrubbing!
