

HiPUR Sponge Scourer – Pack of 10 – Blue

Variant code: 12-104448

HiPUR Sponge Scourers are professional dual-action cleaning pads designed to deliver powerful cleaning performance while protecting delicate surfaces from scratches and damage. Featuring a durable polyurethane scrub layer combined with a highly absorbent sponge backing, these versatile scourers provide effective removal of grease, food residue and everyday dirt across commercial and domestic cleaning environments.

Designed with an innovative two-sided construction, the **HiPUR scrub side** offers strong yet gentle cleaning action suitable for non-stick cookware, glass, ceramic, stainless steel and other sensitive surfaces. The absorbent sponge side efficiently wipes spills, holds cleaning solution and supports general surface cleaning tasks. The ergonomic design ensures comfortable handling during extended cleaning sessions while providing reliable durability for repeated everyday use.

Supplied in a convenient **pack of 10 blue scourers**, these cleaning pads are ideal for colour-coded hygiene systems to help minimise cross-contamination in kitchens, catering facilities and professional cleaning environments.

Product Features

- **Dual-action sponge scourers**
- Durable polyurethane scrub surface
- Soft absorbent sponge backing
- Gentle on delicate and non-stick surfaces
- Ergonomic and comfortable to hold
- Suitable for colour-coded cleaning systems
- Reusable and durable construction
- **Pack quantity: 10 scourers**

Product Benefits

- Removes stubborn dirt and grease without scratching surfaces
- Helps maintain hygienic cleaning routines
- Supports colour-coded cleaning to reduce cross-contamination
- Absorbent sponge improves cleaning efficiency

- Comfortable design reduces hand fatigue during use
- Suitable for professional and domestic cleaning applications
- Reusable construction offers long-lasting value

Technical Characteristics

- **Polyurethane coated sponge scourers**
- Non-scratch cleaning performance
- Highly absorbent sponge material
- Flexible and durable construction
- Suitable for wet cleaning applications
- Blue colour-coded hygiene identification
- Designed for commercial and domestic cleaning use
- **Supplied in packs of 10**

Applications

HiPUR Sponge Scourers are ideal for kitchens, catering environments, hospitality venues, healthcare facilities, janitorial teams and domestic cleaning applications requiring effective yet surface-safe cleaning tools. Their non-scratch construction makes them particularly suitable for cookware, worktops, stainless steel surfaces, glass and food preparation areas.
