Honda Powered Pressure Washer - 12LPM 150 Bar Trolley Mounted Pressure Washer Complete with Lance & 5 Nozzles

Variant code: 16-CO150P

Honda Powered Pressure Washer is a **professional trolley-mounted pressure washer** engineered to tackle demanding outdoor cleaning tasks with ease. Powered by a reliable **Honda GX160 engine** and equipped with a high-performance **Interpump pump system**, this robust machine delivers **12 litres per minute at 150 bar**, providing the power required for effective cleaning across a wide range of commercial, industrial and property maintenance applications.

Designed for mobility and durability, the pressure washer is mounted on a **heavy-duty trolley with flat-free wheels**, allowing easy manoeuvrability across different work environments. Whether cleaning gutters, cladding, wall surfaces, signage, decking, patios, pathways or driveways, the powerful high-pressure cleaning system removes dirt, grime, moss and surface contaminants efficiently and effectively.

The machine is supplied complete with a **36" heavy-duty chrome steel lance**, **10m twin-wire high-pressure hose**, **3m suction hose with weighted brass-plated filter**, chemical feed inlet and a **pack of 5 assorted General Pump nozzles**, providing flexibility for different cleaning tasks. For optimum hard surface cleaning performance, the unit can also be used in conjunction with a compatible hard surface cleaner attachment.

Built for professional users who demand reliability, performance and versatility, this Honda-powered pressure washer offers a dependable solution for routine maintenance, contract cleaning and exterior property care.

Product Features

- **Honda GX160 petrol engine**
- **Interpump pump with external bypass**
- Delivers **12LPM flow rate at 150 Bar pressure**
- Includes **36" heavy-duty chrome steel**
