Honda Powered Petrol Pressure Washer - 16LPM 276 Bar Geared Interpump Pressure Washer Complete with 10m Hose, 36" Lance, 5 Nozzles & 3m Suction Hose

Variant code: 16-CO200P

Honda Powered Petrol Pressure Washer is a **heavy-duty professional pressure washer** engineered for demanding cleaning applications in commercial, industrial and property maintenance environments. Powered by a reliable **Honda GX390 petrol engine** and equipped with a high-performance **geared Interpump pump**, this robust machine delivers an impressive **15 litres per minute flow rate at 276 bar pressure**, providing exceptional cleaning power for even the toughest outdoor cleaning tasks.

Designed for professional users, the pressure washer is mounted on a durable trolley frame for easy transport and manoeuvrability across work sites. The powerful cleaning performance makes it ideal for removing stubborn dirt, moss, algae, grease and surface contaminants from hard surfaces, machinery, agricultural equipment and building exteriors.

Supplied as a complete cleaning package, the unit includes a **10m high-pressure hose**, **36" heavy-duty lance**, **5 assorted spray nozzles** and a **3m suction hose**, allowing operators to tackle a wide variety of cleaning applications straight out of the box. The geared Interpump system ensures reliable performance and efficient power transfer, even during prolonged use in demanding conditions.

Built to withstand intensive professional use, this Honda-powered pressure washer offers the durability, performance and versatility required by contractors, facilities management companies, agricultural users and industrial cleaning professionals.

Product Features

- **Honda GX390 petrol engine**
- **Geared Interpump pump system**
- Delivers **15LPM flow rate at 276 Bar**
