Vikan Hygienic Hi-Flex Bracket System - 420mm - White

Variant code: 11-10115

A hygienic, modular wall bracket that provides a flexible solution for storage of your cleaning tool and utensil in any area of your site. The rail is easily attached to the 4 wall mounts by sliding it on from the right or left side. The Grip band modules and Hook modules can then be clicked on the rail and "locked" in place using one of the many small "notches" in the rail. These ensures that the modules can not slide from side to side.
