Finite P Indigo Nitrile Powder Free Disposable Gloves - Case of 10x100 - Large

Variant code: 22-MFNP100L

Finite P Indigo Nitrile Powder Free Disposable Gloves – Case of 1000 (10x100)

Protect your hands with the professional's choice in hand safety: the **Finite P Indigo Nitrile Powder Free Disposable Gloves**. Designed for high-performance protection across medical, industrial, and food sectors, these gloves offer a superior alternative to latex. This bulk case includes **10 boxes of 100 gloves**, providing a total of 1000 premium-quality indigo nitrile gloves to keep your workplace stocked and safe.

Crafted with **advanced nitrile technology**, the Finite P Indigo series provides an exceptionally soft, pliable feel that mimics the comfort of natural rubber without the allergy risks. Whether you are performing intricate medical exams, handling oily automotive parts, or preparing food, these gloves deliver the dexterity and durability you need.

Key Features & Benefits

- **Latex & Accelerator-Free:** Ideal for users with sensitive skin or existing conditions like eczema and dermatitis. The absence of residual accelerators significantly reduces the risk of **Type IV allergic reactions**.
- **Superior Chemical Resistance:** Tested to **EN ISO 374-1 (Type C)**, providing a reliable barrier against a variety of chemicals, oils, and acids.
- **Medical Grade Assurance:** Fully compliant with **EN455 Parts 1-4**, making them suitable for clinical, dental, and hospital environments (AQL 1.5).
- **Food Safety Certified:** Tested in accordance with **EN1186**, these gloves are safe for contact with all food types - perfect for catering and food manufacturing.

Ideal Applications

The versatility of Finite P Indigo gloves makes them a staple in various industries:

- **Healthcare:** Medical examinations, dental procedures, and laboratory analysis.

- **Food Industry:** Catering, food preparation, and large-scale manufacturing.

- **Automotive & Engineering:** Handling oily components and light chemical tasks.

- **Janitorial & Beauty:** Hairdressing, cleaning, and general hygiene maintenance.

Frequently Asked Questions (FAQ)

Q: Are these gloves suitable for someone with a latex allergy?A: Yes. These gloves are 100% latex-free and also free from residual accelerators, making them one of the safest options for individuals with sensitive skin or latex hypersensitivity.

Q: Can I use Finite P Indigo gloves for food preparation?A: Absolutely. They are fully certified

Tel: 01626 355177
Email: info@aukhygiene.com

to EN1186 standards for food contact, ensuring they won't contaminate food products.

Q: What does an AQL 1.5 rating mean?A: AQL (Acceptable Quality Level) 1.5 is a medical-grade standard that indicates a very low statistical probability of pinhole defects, ensuring high-level protection against pathogens and chemicals.

Quick-Hints

- **Safety Standards:** These gloves meet **PPE Category III** and **Medical Class I** requirements.
- **Sustainability Note:** Nitrile is more durable than vinyl, often requiring fewer glove changes and reducing overall waste in high-intensity environments.
- **Storage Tip:** Store in a cool, dry place away from direct sunlight or fluorescent light to maintain the integrity of the nitrile material.
