IVO SprayMax 15 Kit inc Sprayer, Battery Powered Battery/Charger & Spray Nozzle Kit

Variant code: 16-IVOMAX15

IVO SprayMax 15 Battery Powered Pressure Sprayer Kit is a professional cordless spraying system designed to deliver fast, consistent and effortless chemical application across a wide range of commercial cleaning tasks. Featuring a powerful **6 Bar (85 psi)** pump and a generous **30-litre capacity**, the SprayMax 15 eliminates manual pumping, allowing operators to work more efficiently while achieving uniform chemical coverage. Supplied complete with a **2.2Ah lithium-ion battery, battery charger and spray nozzle kit**, it is ready for use straight out of the box.

Powered by a rechargeable **2.2Ah lithium-ion battery**, the SprayMax 15 delivers up to **2 hours of continuous runtime** from a single charge and fully recharges in approximately **1 hour**, minimising downtime between cleaning tasks. The high-pressure delivery system provides consistent spray performance, making it ideal for applying pre-sprays to carpets before extraction cleaning, as well as cleaning chemicals and sanitisers in washrooms, kitchens and other commercial environments.

Built for demanding professional use, the IVO SprayMax 15 combines durable construction with cordless convenience to improve productivity and operator comfort. The included spray nozzle kit provides flexibility for different spraying applications, making this complete system an excellent choice for contract cleaners, facilities management teams and restoration professionals.

Product Features

- Professional battery-powered pressure sprayer
- Powerful 6 Bar (85 psi) operating pressure
- 30-litre solution capacity
- Rechargeable 2.2Ah lithium-ion battery
- Up to 2 hours continuous runtime
- Approximately 1 hour battery recharge

time
- Supplied with battery, charger and spray nozzle kit
- Ideal for carpet pre-spraying and washroom deep cleaning

Product Benefits

- **Provides consistent high-pressure spraying without manual pumping**
- **Battery-powered operation improves productivity and reduces operator fatigue**
- **Large 30-litre capacity reduces refill interruptions**
- Fast battery charging minimises downtime
- Ideal for accurate application of cleaning chemicals and pre-sprays
- Versatile nozzle kit adapts to different cleaning applications
- Durable commercial construction for everyday professional use
- Complete kit supplied ready for immediate operation

Technical Characteristics

- Product Type: Battery Powered Pressure Sprayer
- Operating Pressure: 6 Bar (85 psi)
- Tank Capacity: 30 Litres
- Battery Type: Rechargeable Lithium-Ion
- Battery Capacity: 2.2Ah
- Runtime: Up to 2 Hours
- Charge Time: Approximately 1 Hour
- Power Source: Cordless Battery Operation
- Included Accessories: Battery, Charger and Spray Nozzle Kit

Applications

The **IVO SprayMax 15 Battery Powered Pressure Sprayer Kit** is ideal for **commercial cleaning contractors, carpet cleaning specialists, facilities management companies, healthcare facilities, schools, hotels, leisure centres and restoration professionals**. Designed for efficient chemical application, it is perfect for **pre-spraying carpets before extraction cleaning, applying washroom cleaning chemicals, disinfectants, sanitisers, hard floor cleaning solutions and other professional cleaning products**, delivering fast, consistent coverage with minimal operator effort.
