Karcher T10/1 Adv - Tub Vacuum Cleaner

Variant code: 16-T10

An extremely powerful and professional machine, which is easy to use and maintain. More powerful with an airflow rate of 53 Litres a second - more than other equivalently priced vacuums. Compatible with Numatic type dust bags, tubes and floor tools. Professional and modern looking machine. The cable can be replaced by the operator - simply unscrew the cover plate and plug the new cable in. Foot operated on-off switch.
