

Karcher FRV 30 Surface Cleaner with Integrated Waste Water Pick Up

Variant code: 16-21110100

Karcher FRV 30 Hard Surface Cleaner with Vacuum Attachment The FRV 30 is a hard surface cleaning accessory with an automatic suction feature. There is no need rinse the surface after cleaning, as the dirty water can be removed through the supplied 5m suction hose to a drain or other water outlet. The three wheels on the Karcher hard surface cleaner FRV30 give good manoeuvrability and other user friendly features such as the handle enables comfortable wall cleaning. This requires a separate nozzle pack.
