

Karcher KM70/30C BP Battery Powered Sweeper

Variant code: 16-15172130

A very popular compact easy to use, battery powered push sweeper with built-in vacuum for dust control. Well suited for large indoor corridors and hall, much quicker and cleaner than dust control mops or V sweepers. Can also be used on carpeted areas (much quieter than a vacuum cleaner) as well as car parks and pavements. Can be used with or without the vacuum (use without in wet conditions). Powered Flicker brush greatly enhances level of cleanliness of area cleaned. Gel battery powered. On-board charger.
