Katrin System 705 - Hand Towel Roll - Medium - Blue - 2 Ply - 180m - Case of 6

Variant code: 01-460218

Katrin System 705 Hand Towel Roll Medium is a high-capacity 2 **ply hand towel roll** designed to provide hygienic, efficient and cost-effective hand drying in busy commercial and industrial environments. Developed for use with compatible **Katrin System Towel M dispensers**, these rolls support controlled dispensing while helping reduce waste and maintenance requirements.

Manufactured from absorbent **recycled fibre paper**, the towel rolls deliver reliable drying performance while supporting environmentally responsible workplace practices. The distinctive **blue colour** makes the rolls particularly suitable for food handling and catering environments, supporting traceability and hygiene compliance. Each roll provides an extended **180 metre length** and delivers approximately **705 sheets per roll** when used with compatible Katrin dispensers, helping minimise refill frequency in medium to high-traffic washrooms.

The system is designed to ensure **zero paper wastage** by utilising the entire roll, while controlled dispensing helps reduce unnecessary consumption and operational costs. Certified under the **Nordic Swan Eco Label** and approved for **short-term food contact**, these towel rolls provide a practical and sustainable solution for professional hygiene environments.
