

KGS Diamond Floor Pad 17" – Pack of 2 – Medium – Yellow

Variant code: 03-KM17M

KGS Diamond Floor Pads are professional floor cleaning and polishing pads designed to maintain and enhance the appearance of hard floors. Manufactured using **Ferrzon®+ microcrystal technology**, the Yellow pad delivers effective cleaning and polishing while helping produce a clear, reflective floor finish.

The **Yellow pad** is ideal for regular floor maintenance, providing a **medium-gloss reflective shine** across a wide variety of compatible hard floor surfaces. Its polishing action helps maintain floor brightness and appearance, making it suitable for daily cleaning in busy commercial environments.

Designed for **chemical-free cleaning and polishing**, the pad helps reduce reliance on additional floor maintenance chemicals. It offers a practical solution for maintaining large commercial and industrial floor areas where consistent cleaning performance and an economical reflective finish are important.

Product Features

- **Ferrzon®+ microcrystal technology** for effective floor maintenance
- **Yellow polishing pad** for regular cleaning and polishing
- Produces a clear, reflective medium-gloss finish
- Suitable for daily floor maintenance
- Designed for chemical-free cleaning and polishing
