Scott® Control™ - Antibacterial Hand Cleanser - Case of 6 x 1L

Variant code: 10-6336KC

Scott Control Antibacterial Hand Cleanser is a **professional antibacterial foam hand cleanser** developed for environments where maintaining high standards of hand hygiene is essential. Part of the Scott Control range from Kimberly-Clark Professional, this formulation is designed to support effective hand cleansing in workplaces where hygiene management and user safety are key priorities.

The antibacterial formula helps remove dirt and contaminants while supporting workplace hygiene protocols. Designed for frequent use, it delivers effective cleansing performance without compromising user comfort, making it suitable for busy washroom environments across a wide range of sectors. The foam format provides excellent coverage across the hands and rinses away quickly, leaving hands feeling clean and refreshed.

The sealed cartridge system helps promote hygiene by reducing the risk of product contamination during use and refill procedures. Designed for compatibility with Kimberly-Clark Professional dispensing systems, the cartridge format allows quick and simple replacement while helping maintain efficient washroom operation. The controlled foam dispensing system also helps reduce product consumption and minimise waste.

Supplied in a **case of 6 x 1L cartridges**, Scott Control Antibacterial Hand Cleanser provides a reliable and economical solution for organisations seeking to maintain effective hand hygiene standards in professional environments.
