

Kitchen Roll – 2 Ply – 100% Recycled – White – Case of 20

Variant code: 01-942

Kitchen Roll – 2 Ply is a strong and absorbent paper towel solution designed for everyday cleaning and wiping tasks in commercial and domestic environments. Manufactured from **100% recycled paper**, this kitchen roll provides reliable performance while supporting environmentally responsible purchasing and waste reduction initiatives.

The embossed and laminated 2 ply construction improves strength, absorbency and durability, making the rolls suitable for handling spills, surface wiping and general kitchen cleaning tasks. The white paper finish provides a clean and professional appearance suitable for kitchens, catering environments and workplace facilities.

Supplied as a case containing **20 rolls**, packed as **8 x 4 roll packs**, these kitchen rolls offer practical stock management and dependable supply for high-use environments.
