Lille Classic Bed Pad Maxi - 60 x 90 cm - Pack of 4 x 25

Variant code: 02-3016

Lille Classic Bed Pad Maxi provides reliable protection for mattresses, chairs and other seating surfaces against moisture caused by incontinence. Measuring **60 x 90cm** and supplied as a **pack of 4 packs of 25 pads (100 pads total)**, these highly absorbent disposable underpads are designed to help maintain hygiene and comfort in healthcare, residential and home care environments. Manufactured with a soft fluff pulp core, they offer dependable absorbency while helping to keep surfaces clean and dry.

Part of the trusted **Lille Healthcare CLASSIC** range, these disposable bed and chair pads provide an effective protective layer that can be used on their own or alongside shaped continence products for additional security. The absorbent fluff pulp core quickly locks away moisture, helping to protect mattresses, chairs and furnishings from leaks while improving user comfort. Their disposable design also promotes high standards of hygiene by allowing quick and convenient replacement after use.

Designed for professional healthcare providers, care homes and home users, the Lille Classic Maxi Bed Pads offer an economical and practical solution for managing incontinence while extending the life of mattresses and upholstered furniture.
