

## Mercury Hand Towel Dispenser – Black/Brush Metal Effect

Variant code: 28-MHTD

### Mercury Hand Towel Dispenser – Black/Brushed Metal Effect

The **Mercury Hand Towel Dispenser**. Combining industrial durability with a sophisticated, contemporary finish, this dispenser is designed for those who believe that even the most functional items should make a style statement.

The striking **Black and Brushed Metal effect** provides a premium look without the high maintenance of solid steel, making it the perfect focal point for modern offices, high-end restaurants, and boutique hospitality venues.

#### Key Features & Benefits

- **Premium Aesthetic:** The "Black/Brush Metal" finish offers a sleek, designer look that masks fingerprints and water spots, keeping your facilities looking pristine with minimal effort.
- **Universal Compatibility:** Engineered to be versatile, it accommodates **C-fold, Z-fold, and Multifold interleaved towels**, giving you the freedom to choose your preferred paper supplier.
- **High-Traffic Durability:** Constructed from impact-resistant materials, this dispenser is built to withstand the rigors of busy commercial environments while maintaining its high-end appearance.
- **Hygienic One-at-a-Time Dispensing:** Encourages better hygiene and reduces waste by ensuring users only touch the towel they use, significantly cutting down on paper consumption and costs.
- **Easy Maintenance:** Features a discrete **content viewer window** so your maintenance team can check stock levels at a glance without opening the unit.

<b>Dimensions</b>	350mm (H) x 265mm (W) x 120mm (D)
<b>Mounting</b>	Wall-mounted (Fixings included)
<b>Material</b>	High-quality ABS/Polycarbonate Blend

## Why Choose the Mercury Series?

When it comes to **commercial washroom accessories**, the Mercury range is a top-tier choice for architects and facility managers alike. It bridges the gap between purely utilitarian plastic dispensers and prohibitively expensive stainless steel units.

By choosing the **Black/Brush Metal effect**, you're opting for a **sustainable and cost-effective solution** that doesn't compromise on the "wow factor." It's a sophisticated upgrade that signals to your clients and employees that you value quality in every detail.
