Mercury Jumbo Toilet Roll Dispenser With Stub Roll - Black/Brush Metal Effect

Variant code: 28-MMJD

Mercury Jumbo Toilet Roll Dispenser With Stub: The High-Capacity Solution for Busy Washrooms

Let's be honest: nobody wants to be the person who discovers the toilet roll is empty. In high-traffic environments - think offices, malls, or busy restaurants - keeping up with paper demand is a full-time job.

The **Mercury Jumbo Toilet Roll Dispenser with Stub** is engineered to solve that exact headache. Combining a sleek, professional aesthetic with a clever "stub roll" feature, this dispenser ensures your guests are never left stranded while your maintenance team works more efficiently.

Key Features & Benefits

- **Zero-Waste "Stub Roll" Technology:** This is the game-changer. The dispenser allows you to place a nearly finished "stub" roll alongside a fresh jumbo roll. This ensures every last sheet is used before switching, reducing paper waste and saving you money.
- **High-Capacity Performance:** Designed for jumbo rolls (typically up to 300m-400m), this unit is built to handle heavy foot traffic, meaning fewer refills and less downtime.
- **Modern 'Mercury' Aesthetics:** Forget the clunky, industrial look of the past. The Mercury range features a high-end finish that fits perfectly into contemporary washroom designs, offering the look of premium steel with the durability of reinforced polymers.
- **Tamper-Proof Security:** Equipped with a secure locking mechanism to prevent pilferage and vandalism, keeping your supplies safe in public or semi-public

spaces.

- **Effortless Maintenance:** A clear inspection window allows your cleaning staff to check paper levels at a glance without having to open the unit.
