Rubbermaid Microfibre High Level Dusting Kit

Variant code: 14-QHLKIT

Best-selling microfibre kit for high level dusting with 2 extension poles and a microfibre flexible duster.

The high performance white microfibre sleeve fits over a flexible metal handle holder, allowing you to bend the duster to shape. The white microfibre picks up and clings onto dust from surfaces. A great solution for cleaning above furniture, high ledges and more. The microfibre sleeves can be removed and laundered.

Sturdy high-quality handles that give great stability even at full extension. The kit comes with 2 extension poles - the shorter extends from 115cm to 118cm and the longer handle extends from 182cm to 548cm.

A great combination kit for a wide range of applications.

Kit includes:

- 115-186cm & 182-548cm Extending Poles
- High Performance Duster
