

Miele Vacuum Bags – Pack of 5

Variant code: 16-SDB282

Miele Vacuum Bags are **high-performance replacement dust bags** designed for **compatible Miele vacuum cleaners**. Manufactured from premium multi-layer microfibre filtration material, these bags provide exceptional dust retention, consistent airflow and superior cleaning performance while helping to maintain optimum suction throughout the life of the bag.

The advanced microfibre construction effectively captures fine dust, allergens and everyday debris, helping to improve indoor air quality while protecting the vacuum's filtration system. Strong tear-resistant materials ensure reliable performance even when the bag is approaching full capacity, making them ideal for both domestic and professional cleaning applications.

Supplied as a convenient **pack of 5**, complete with replacement filters, these vacuum bags offer an economical solution for routine maintenance. Regular replacement helps maximise vacuum efficiency, prolong machine life and ensure hygienic dust disposal.
