Magic Sponge Scourers - Pack of 12

Variant code: 12-070

Magic Sponge Scourers are professional-grade melamine cleaning sponges designed to effortlessly remove stubborn marks, stains and grime from a wide range of hard surfaces using only water. Engineered for commercial and domestic cleaning environments, these innovative sponge scourers deliver powerful cleaning performance without relying on harsh chemicals.

Manufactured from high-density melamine foam, these magic sponge scourers work like an eraser on dirt, lifting scuff marks, grease, soap scum, dried spills and ingrained grime with minimal effort. Simply activate with water and wipe surfaces clean for fast and effective stain removal. Their non-abrasive cleaning action makes them suitable for use across multiple surfaces including walls, floors, tiles, kitchen appliances, bathroom fixtures and worktops.

Designed for professional contract cleaners, hospitality venues, offices, schools and healthcare facilities, these durable sponge scourers help maintain high hygiene and presentation standards while reducing dependence on aggressive cleaning chemicals. Supplied in a convenient **pack of 12 magic sponge scourers**, they offer a practical and cost-effective solution for demanding cleaning applications.
