MotorScrubber Aggressive Duty Brush - Heavy-Duty Scrubbing Brush for Jet3

Variant code: 16-MS1039P

MotorScrubber Aggressive Duty Brush is a **heavy-duty scrubbing brush** designed for demanding cleaning applications with the **MotorScrubber Jet3 floor scrubbing machine**. Engineered for industrial environments, this robust brush delivers powerful agitation to tackle stubborn dirt, grease, oil and food residues on hard surfaces, making it ideal for intensive cleaning tasks where standard brushes may not provide sufficient scrubbing action.

Featuring durable, aggressive bristles, the brush is designed to penetrate textured surfaces and remove ingrained contamination from concrete floors and exterior hard surfaces. Its high-performance cleaning action helps restore heavily soiled areas while maintaining productivity in challenging commercial and industrial environments.

The brush is particularly effective in food production facilities, warehouses, workshops, loading bays and other areas where grease, oil and heavy deposits accumulate. Designed to maximise the cleaning capabilities of the MotorScrubber Jet3, it provides reliable performance and long service life under demanding conditions.

As a genuine MotorScrubber accessory, the Aggressive Duty Brush ensures optimum compatibility, durability and cleaning effectiveness, helping operators achieve professional cleaning results in the toughest environments.

Product Features

- **Heavy-duty aggressive scrubbing brush**
- Designed for **MotorScrubber Jet3**
- Suitable for industrial and commercial cleaning applications
- Effective on concrete and exterior surfaces
- Removes oil, grease and food deposits
- Durable professional-grade construction
- Genuine MotorScrubber accessory

Product Benefits

- **Provides powerful scrubbing action for heavily soiled areas**
- **Effectively removes grease, oil and stubborn deposits**
- **Ideal for industrial and exterior cleaning tasks**
- Improves cleaning efficiency on textured surfaces
- Enhances the performance of the MotorScrubber Jet3
- Durable design for demanding commercial use

Technical Characteristics

- Product Type: **Aggressive Duty Scrubbing Brush**
- Compatibility: **MotorScrubber Jet3**
- Brush Type: Heavy-Duty / Aggressive Bristle
- Surface Compatibility: Concrete and exterior hard surfaces
- Application: Industrial deep cleaning
- Genuine MotorScrubber accessory

Applications

MotorScrubber Aggressive Duty Brush is ideal for **warehouses, factories, food production facilities, commercial kitchens, workshops, garages, loading bays, outdoor walkways and industrial sites**. Suitable for cleaning **concrete floors, exterior surfaces and areas affected by oil, grease and food contamination**, it provides powerful scrubbing performance for demanding professional cleaning applications.

Property	Value
Colour	Red
Brush Width (mm)	177.8
How to Use	Attach the Aggressive Duty Brush to a compatible MotorScrubber machine and operate the machine over the surface to remove oil, grease, food deposits, and other heavy soiling.
