

MotorScrubber – M3 – Battery Powered Backpack Scrubbing Machine with Medium Handle & Quick Connect Battery Charge Cable

Variant code: 16-M3MQC

The MotorScrubber MS2000 is a battery powered scrubbing machine – a lightweight 2.5kg backpack houses the battery which powers the high-torque powerful scrubbing machine for up to 4 hours.

Built in the UK with exceptional build quality for longevity.

Delivering 354rpm of power to the scrubbing head it makes cleaning in tight and confined spaces easier than ever before.

Perfect for cleaning in and around washroom areas, behind toilets, under benches and stairs.

Adjustable handle length and brush head angle.

The head is completely waterproof meaning it can be dipped into a bucket for cleaning, or cleaning underwater lines in and around pools.

Key Features:

- 4 Hour battery run-time
- Powerful high-torque 354rpm motor
- Lightweight backpack
- Fully adjustable handle
- Waterproof head
