MotorScrubber Red Stair Brush - For MotorScrubber JET3

Variant code: 16-MS1049

MotorScrubber Stair Brush is a **specialist cleaning brush** designed for effective cleaning of stairs, stair nosings and other confined hard-to-reach surfaces when used with the **MotorScrubber JET3 Battery Powered Rotary Scrubbing Machine**. Engineered to provide enhanced control and targeted scrubbing performance, this genuine MotorScrubber accessory helps achieve professional cleaning results in areas that are often difficult to clean with traditional floor cleaning equipment.

The brush is specifically designed for stair cleaning applications, allowing operators to tackle dirt, grime and everyday contamination on stair treads, risers and edge details with ease. Its compact design and durable bristle construction provide excellent surface contact and consistent cleaning performance across a wide range of hard surfaces.

Ideal for commercial cleaning environments, the Stair Brush enhances the versatility of the JET3 machine, enabling efficient cleaning in areas where hygiene, safety and presentation are essential. Its robust construction ensures long service life and reliable operation under regular professional use.

As a genuine MotorScrubber accessory, the Stair Brush is designed for seamless compatibility with the JET3 system, helping operators maintain high cleaning standards across stairways and other difficult-access areas.

Product Features

- **Specialist stair cleaning brush**
- Designed for the **MotorScrubber JET3**
- Ideal for stairs, risers and edge details
- Durable professional-grade bristle construction
- Provides targeted scrubbing performance
- Easy to fit and replace
- Genuine MotorScrubber accessory

Product Benefits

Tel: 01626 355177
