Multi-Purpose Cloths - Pack of 25 - Red

Variant code: 12-054R

Multi-Purpose Cloths are professional-grade reusable cleaning cloths designed to deliver exceptional absorbency, durability and streak-free cleaning performance across commercial, industrial and domestic environments. Manufactured from a high-quality non-woven micro-perforated material, these versatile cloths provide reliable cleaning results on a wide range of surfaces while supporting efficient and hygienic cleaning practices.

Trusted by contract cleaners, janitorial teams and facilities management professionals, Optima Multi-Purpose Cloths are engineered to tackle demanding cleaning tasks with ease. Their highly absorbent construction quickly lifts spills, grime and dirt while the lint-free finish leaves surfaces clean and streak-free. Suitable for offices, kitchens, healthcare facilities, hospitality venues and residential cleaning, these cloths provide excellent versatility for everyday cleaning applications.

Supplied in a convenient **pack of 25 reusable cloths**, these durable all-purpose cleaning cloths offer a cost-effective and environmentally conscious alternative to disposable wipes and paper towels.
