

Robust 9.0 Blue Heavy Duty Nitrile Gloves Box of 100 – Medium

Variant code: 22-ROB-M

Katrin System 800 Toilet Roll Dispenser with Core Catcher is a durable and hygienic washroom dispensing solution designed for high-traffic commercial environments. Manufactured from robust black plastic, the dispenser is engineered to provide controlled and efficient toilet tissue dispensing while supporting improved washroom cleanliness and maintenance efficiency.

Designed for use with Katrin System toilet rolls, the integrated **core catcher system** helps retain empty roll cores inside the dispenser, reducing litter and maintaining a cleaner washroom environment. The enclosed dispenser design protects toilet tissue from contamination while supporting controlled consumption and improved hygiene standards in shared facilities.

Its high-capacity design helps minimise refill frequency and servicing time, making it suitable for busy washrooms where operational efficiency and reliable performance are essential.

Product Features

- **High-capacity toilet roll dispenser** for commercial washrooms
- Integrated **core catcher system** for improved cleanliness
- Durable black plastic construction
- Enclosed design helps protect toilet tissue from contamination
- Compatible with **Katrin System toilet rolls**
- Designed for controlled and efficient dispensing
- Suitable for high-traffic environments

Product Benefits

- Helps maintain cleaner and more organised washrooms
- Reduces litter from empty toilet roll cores
- Supports improved hygiene and contamination control
- High-capacity design reduces refill frequency

- Durable construction suitable for commercial use
- Supports efficient washroom maintenance routines
- Provides a modern and professional washroom appearance

Technical Characteristics

- Product type: **Toilet roll dispenser**
- Range: **Katrin System 800**
- Material: **Plastic**
- Colour: **Black**
- Includes integrated **core catcher**
- Compatible with Katrin System toilet rolls
- Suitable for wall-mounted installation

Applications

The **Katrin System 800 Toilet Roll Dispenser with Core Catcher** is suitable for use in **offices, schools, healthcare facilities, hospitality venues, leisure centres and public washrooms** where hygienic and efficient toilet tissue dispensing is required. Its high-capacity design and integrated core catcher make it particularly suitable for high-traffic environments seeking to improve cleanliness, reduce maintenance requirements and maintain professional washroom standards.
