

Nilfisk SC351: 14" Disc Scrubber Drier inc Charger, Battery, Drive Board & Brush

Variant code: 16-SC351

The Nilfisk SC351 is a great 14" battery-powered scrubber/drier which cleans in both forward and backward directions. Easy to use and maintain.

The SC351 has brush pressure of 27kg which gives impressive cleaning result. The squeegee moves to follow the brush and can rotate to dry when used backwards. If you tip the machine on it's back wheels the squeegee will rotate to the front to be able to clean coming backwards; great for cleaning in confined spaces and for cleaning under benches/tables etc.

Powerful brush and suction motors, on-board charger and easy operation make this a very good machine for schools, confined warehouse environments and much more.

Property	Value
Length (mm)	730
Warranty (Years)	1
Weight (kg)	42
Width (mm)	475
Height (mm)	450
Accessories Included with Machine	Brush, Drive Board, Battery and On-Board Charger
Motor Wattage (W)	450
Voltage	12
Brush Width (mm)	370
Battery Charge Time (Minutes)	Overnight
Battery Run Time (Up to/Mins/Each)	75
Noise Level (dB)	64
Brush Speed (rpm)	140

Property	Value
Vacuum Width (mm)	470
Performance (m2 per Hour)	890
Solution Tank Capacity (L)	11
Recovery Tank Capacity (L)	11
Brush Pressure (kg)	27
