Nilfisk Squeegee Blade Kit: For SC351

Variant code: 16-9100000077

Nilfisk Squeegee Blade Kit is a **genuine replacement squeegee set** designed specifically for the **Nilfisk SC351 Scrubber Dryer**. Engineered to maintain optimum water recovery performance, this replacement kit helps ensure floors are left clean, dry and safe following scrubbing operations.

The squeegee blades are a critical component of the SC351's recovery system, efficiently collecting dirty water and directing it into the recovery tank. Over time, squeegee blades can become worn, reducing water pick-up performance and increasing the likelihood of streaks or residual moisture being left behind. Replacing worn blades helps restore maximum drying efficiency and professional cleaning results.

Manufactured to Nilfisk's exacting standards, this genuine **370mm (14") squeegee kit** provides precise fitment, durable performance and reliable operation. Regular replacement helps maintain the effectiveness of the scrubber dryer while reducing slip hazards caused by excess water on the floor.

Product Features

- Genuine Nilfisk replacement squeegee blade kit
- Designed for the Nilfisk SC351 Scrubber Dryer
- 370mm (14") squeegee blade set
- Maintains optimum water recovery performance
- Helps prevent floor streaking and residual moisture
- Durable wear-resistant construction
- Easy to install and replace
- Supports professional floor cleaning results

Product Benefits

- **Restores effective water pick-up and floor drying performance**
- **Helps leave floors cleaner, drier and safer**
- **Reduces streaking and standing water after cleaning**
- Supports professional cleaning standards
