Nilfisk Squeegee Kit Pair: For SC100

Variant code: 16-107411867

Nilfisk Squeegee Kit is a **genuine replacement squeegee set** designed specifically for the **Nilfisk SC100 Upright Scrubber Dryer**. Engineered to maintain optimum water recovery performance, this replacement kit helps ensure floors are left clean, dry and safe after scrubbing operations.

The squeegee blades play a critical role in the SC100's cleaning process by efficiently collecting dirty water and directing it into the recovery system. Over time, squeegee blades can wear through regular use, reducing drying performance and increasing the risk of streaking. Replacing worn blades helps restore maximum water pick-up efficiency and professional cleaning results.

Manufactured to Nilfisk's exacting standards, this genuine replacement kit provides reliable fitment, durability and consistent performance. Supplied as a pair, the kit contains the necessary replacement blades to keep your SC100 operating at peak efficiency.

Product Features

- Genuine Nilfisk replacement squeegee blade kit
- Designed for the Nilfisk SC100 Scrubber Dryer
- Supplied as a pair of replacement blades
- Maintains optimum water recovery performance
- Helps reduce floor streaking
- Durable wear-resistant construction
