Nilfisk Type 32mm Hose: For UZ934

Variant code: 16-HSE269

Nilfisk Type 32mm Hose is a **high-quality replacement hose assembly** designed specifically for the **Nilfisk UZ934 Backpack Vacuum Cleaner**. Featuring a standard **32mm diameter**, this complete hose restores optimum airflow and suction performance, ensuring efficient dust and debris collection during everyday commercial cleaning tasks.

Manufactured from durable, flexible materials, the hose is built to withstand the rigours of professional cleaning while providing excellent manoeuvrability around furniture, fixtures and confined spaces. The complete hose assembly connects securely to the vacuum and accessories, maintaining consistent airflow for reliable cleaning performance.

Ideal for replacing worn, split or damaged hoses, this replacement assembly is quick and easy to install, helping minimise equipment downtime and extend the service life of your Nilfisk UZ934 backpack vacuum cleaner.

Product Features

- Complete replacement vacuum hose assembly
- Designed for Nilfisk UZ934 backpack vacuum cleaner
- 32mm hose diameter
- Flexible construction for improved manoeuvrability
- Maintains strong airflow and suction performance
- Durable commercial-grade materials
- Easy to install and replace
- Reliable replacement vacuum accessory

Product Benefits

- **Restores optimum vacuum suction and cleaning efficiency**
- **Flexible hose improves ease of use in confined spaces**
- **Durable construction withstands demanding commercial use**
- Maintains consistent airflow during operation
