Nitrile Powder Free Disposable Gloves Pink - Box of 100 - Small

Variant code: 22-992S

Pink Nitrile Powder-Free Disposable Gloves provide outstanding hand protection, comfort and tactile sensitivity for a wide range of professional applications. Manufactured from high-quality nitrile, these **latex-free and powder-free disposable gloves** offer excellent resistance to punctures, chemicals and contamination, making them ideal for healthcare, food handling, beauty, cleaning and general industrial use.

Designed for maximum comfort, the soft and flexible nitrile material moulds naturally to the hand, providing an excellent fit without compromising dexterity. Textured fingertips enhance grip in both wet and dry conditions, while the powder-free construction helps minimise skin irritation and prevents powder contamination. The distinctive pink colour also supports colour-coded working environments and adds a professional appearance.

Supplied in a convenient **box of 100 gloves**, these disposable gloves are available in **Small, Medium and Large** sizes to suit a wide range of users. They provide a hygienic, cost-effective solution for environments requiring frequent glove changes while maintaining high standards of protection and comfort.
