Non-scratch Scourers - Pack of 12

Variant code: 12-045

Non-Scratch Scourers are professional cleaning scourers designed to deliver powerful dirt and grease removal while protecting delicate surfaces from scratches and damage. Ideal for commercial cleaning, hospitality and domestic environments, these durable scourers provide reliable cleaning performance across a wide range of hard surfaces and kitchen equipment.

Engineered with a non-abrasive cleaning surface, these scourers effectively lift baked-on grime, grease and stubborn stains without scratching sensitive materials such as non-stick cookware, stainless steel, porcelain, chrome, glass and bathroom fixtures. The foam-backed construction provides excellent absorbency, ergonomic grip and comfortable handling, helping professional cleaners work efficiently during demanding cleaning tasks.

Designed for repeated professional use, these non-scratch scourers maintain their structure and cleaning effectiveness over time, reducing replacement frequency and supporting cost-effective cleaning operations. Supplied in a convenient **pack of 12 scourers**, they offer a practical solution for contract cleaners, catering businesses, facilities management and general cleaning applications.
