Numatic 152mm Rubber Brush with Soft Bristles NVB-61B

Variant code: 16-602161

Numatic 152mm Rubber Brush with Soft Bristles NVB-61B is a genuine Numatic vacuum accessory designed for gentle yet effective cleaning of delicate surfaces, upholstery, furnishings and hard-to-reach areas. Combining a durable rubber body with soft bristles, this versatile brush attachment helps loosen and remove dust, dirt and debris without causing damage to sensitive materials.

Featuring a compact **152mm cleaning width**, the NVB-61B is ideal for detailed cleaning tasks where precision is required. The soft bristle design gently agitates dust and debris from surfaces while the vacuum airflow efficiently captures loosened particles. The rubber construction helps protect furniture, fixtures and fittings from accidental marking or scratching during use, making it particularly suitable for use in offices, hospitality venues, healthcare facilities and domestic environments.

Manufactured to genuine Numatic standards, the NVB-61B provides long-lasting durability and dependable performance. Easy to attach and operate, this brush is an essential accessory for maintaining high cleaning standards across a wide range of commercial and domestic applications.
