

Numatic 2 Piece Key Locking Kit for Drawers on EM2/EM4/EM6 Ecomatic Trolleys

Variant code: 14-910842

The **Numatic 2-Piece Key Locking Kit** is a dedicated accessory designed for compatible **EM2, EM4 and EM6 Ecomatic cleaning trolleys**. It provides a practical way to add **key-operated security** to compatible trolley drawer storage, helping keep stored equipment and supplies protected during day-to-day cleaning operations.

Supplied as a **2-piece locking kit**, this accessory is specifically intended for the compatible Ecomatic trolley range. Adding a lockable drawer facility can be particularly useful in busy commercial and institutional environments where cleaning materials, consumables or other items need to be stored more securely while the trolley is in use or unattended.

Designed as a **dedicated Ecomatic trolley accessory**, the locking kit provides compatibility with **EM2, EM4 and EM6 models**. It is an ideal addition when configuring or upgrading compatible cleaning trolleys with secure drawer storage for professional cleaning and janitorial applications.
